This means that the school is working with HPL, a prestigious international organisation that works to make all schools world-class, to continue to improve our school even further.

Our staff has been receiving cutting edge training, based on the very latest research, and what the findings show that the very best schools do. Our students will get the best opportunities, experiences, and learning science in their lessons to help them to maximise their attainment.

In 2023, we were accredited as High Performing School, gaining our award for adopting HPL within our school. We couldn't be prouder and look forward to the next steps on the journey to world class.
